What They're Saying about AdminiCare

We recently surveyed our customers, and here's what they're saying…

Administration

"I can get reports when I need them."

"It was important to know that all data is encrypted."

Over 24 Automated Reports

Manage multiple facilities, inventories and price updates
Improve billing accuracy with automated charge capture
Track purchases against budget

Caregivers

"Now I do inventory every four months."

"It's easier than the other software we used to use, and it's all on a website. I like the scanner."

Scanners Increase Staff Efficiency

Clinicians spend less time on inventory management
Scanner ends manual counting
Automate ordering with Par Levels

AdminiCare

Central Supply

"I love the scanner."

"It's a lot quicker to scan and send orders now. Now I do inventory once every four months and it is very accurate."

"Adminicare is easy to place an order and easy to add different vendors to purchase from."

Reduce Inventory Times up to 60%

Automatic scheduling of recurring transactions
Optimize inventory level
Reduce surplus inventory stockouts

Billing

"Now I do billing only twice a month, not every week like I used to."

"Now I do monthly billing much quicker."

"I can scan multiple charges and then process them once—instead of typing charges manually like I used to."

Reduce Inventory Times up to 60%

Reoccurring transactions
Corporate billing for multiple facilities
On-demand billing reports
